

**Nurturing Environment,  
Caring & Experienced  
Teachers, and  
Opportunities for Play &  
Learning**

Your child will experience all of this and more at New Haven Day School! We will help your child experience and learn about God's love while growing in all areas of development: intellectual, emotional, social, spiritual, and physical. We strive to follow the standards and guidelines of the National Association for the Education of Young Children (NAEYC).

Monthly tuition is averaged to allow for nine equal payments. You pay the same each month regardless of the number of school days in the month. You pay tuition from August to April. The May payment is included in the August payment. If enrolling after August you will make a May payment. Tuition is due the first school week of each month. A \$25 late fee will be assessed on payments received after the 10<sup>th</sup> of the month. Missed days are not refundable.

## **FAMILY INVOLVEMENT**

Parents are always welcome at New Haven! We have resources available to help parents. We offer conferences as well as an annual family survey. Our Parent Association plays an important role in our school. They help plan fundraisers and fun school events for our families. All are encouraged to be involved.

## Early Childhood Program

Our secure, loving environment helps your child explore and grow in what is often the first experience away from home. We offer opportunities for your child to learn new concepts and enjoy new experiences including cooperative play and socialization in a group setting. Age-appropriate activities are offered to encourage:

- \*Language, literacy and math development using books, songs, flannel boards and more
- \*Development of fine and gross motor skills
- \*Social and emotional development through interaction with loving adults and children
- \*Creative expression through music, art, and dramatic play
- \*Sensory exploration
- \*Outdoor play
- \*Self-help skills such as hand washing, opening lunches, and potty-training as your child is ready.

## Preschool Program (3's – PreK)

Preschoolers are aware of the world around them. They are capable of self-directed activities and also enjoy participating in group activities. Our emphasis is on the development of the individual child as he/she operates in a group. Classrooms are arranged in learning centers and activities rotate based on the monthly theme. Children make choices and select activities to work on individually and in groups as the teacher facilitates. These child-centered activities promote:

- \*Physical development (gross and fine motor skills)
- \*Exploration and problem solving skills
- \*Creative expression
- \*Language development
- \*Spiritual development
- \*Social and emotional development
- \*Self-help skills (handwashing, opening lunches, bathroom skills, putting on shoes and coats, etc.)
